Brief Profile of Company

Please give One Trade Reference below

We apply for registration for membership of the British Engineering Manufacturers Association and have read the information below. If I or any of my fellow directors have been an Executive Director of any company that has gone into receivership or liquidation in the last five year, brief details of the circumstances are attached.

Details of Membership

Membership shall be confined to individuals, partnerships, companies, or corporations engaged in the manufacture of goods for all engineering disciplines or otherwise engaged in engineering or allied trades or in consultative services connected with engineering manufacture as defined below:

Allied trades include those marketing raw materials or tools, machinery and equipment particularly designed for the engineering industry.

Consultative services shall include those who while not manufacturing themselves offer advice or a service directly connected with the manufacturing process and those who provide goods or services required by Members in the conduct of their business.

Annual Subscriptions are payable immediately upon election and on the 1st January of each year. Members elected after the 30th June pay half of the annual rate for the balance of the year in which they are elected. This does not apply to those using the Direct Debit facility. The Articles of Association require three months notice to be given of the resignation of a member company accompanied by any subscription due.
